SUMMARY

An adaptable UX / UI designer, passionate about empathically designed applications. While my full-stack development experience allows me to communicate the interaction between design and code, my background as a competitive dance director allows me to choreograph solutions through emotional storytelling.

TECHNICAL SKILLS

Design Skills | UI Design | Interaction Design | Visual Design | Design Systems | Wireframes | Mockups | Prototypes | User Flows | Process Flows | Site Maps | User Research | User Personas | Sketches | Storyboards | Usability Tests | Presentations

WORK EXPERIENCE

Athletes.gg | UI / UX Designer

Austin, Texas / Current

- o Collaborating with CEO on multiple cross-platform design projects to improve mobile application usability and aesthetics through agile sprints.
- o Designed new reusable player card layouts for tournament streams to improve data visualization, accounting for scalability and developer constraints.

T-Mo | Product Designer

Austin, Texas / 2019

- o Collaborated with a client on a fast-paced project to design a new youth sports mobile app, influencing our design decisions to exceed industry standards.
- o Lead interaction and visual design, creating my team's design system, style guide, and prototype while ensuring our designs matched user needs.

Austin Energy | Graduate Engineer Intern

Austin, Texas / 2018

- o Worked independently as a full-stack developer to design and build an internal web application to improve efficiency in the metering department.
- o Built the dashboard using Java, HTML, CSS, JavaScript, Bootstrap, and SQL.

EDUCATION

General Assembly | Austin, Texas

User Experience Design Immersive

The University of Texas at Austin | Austin, Texas

Bachelor of Science - Computer Science
