PURPOSE

An adaptable UX designer, passionate about empathically designed applications that guide people to connect with themselves, their passions, and their community. While my experience coding full-stack allows me to visualize the interaction between design and code, my background as a competitive dance director allows me to choreograph solutions through strategic communication and emotional storytelling.

TECHNICAL SKILLS

Design Skills | Interaction Design | Visual Design | Wireframing | Rapid Prototyping | User Interviews | User Personas | Storyboarding | Storytelling | Usability Testing

Design Technologies | Figma | InVision | Adobe XD | Sketch

Coding Technologies | HTML | CSS | JavaScript | React.js | Bootstrap | Java

PROFESSIONAL EXPERIENCE

General Assembly | User Experience Design Student
User Experience Design Student / August 2019 – October 2019

- o Designed 5 innovative projects during the program, using UX practices such as user interviews, user journeys, personas, wireframing, prototyping, and usability testing.
- o Designed and developed a portfolio of my work using Figma and Bootstrap.
- o Worked as the lead visual and interaction designer in multiple group projects, managing our design systems, prototypes, and high-fidelity mockups.

Austin Energy | Graduate Engineer Intern
Austin, Texas / May 2018 – August 2018

- o Developed an intuitive web dashboard to consolidate metering database information in order to improve efficiency in the complex metering department.
- o Worked as a full-stack developer to independently design the dashboard, determine what technologies to use, and develop the application.
- o Developed the dashboard using Java servlets and JSPs, JavaScript, HTML, CSS, Bootstrap, Oracle, MySQL, Apache TomCat, and Amazon Web Services.

EDUCATION

General Assembly | Austin, Texas
User Experience Design Immersive

The University of Texas at Austin | Austin, Texas
Bachelor of Science - Computer Science
